

**EMMANUEL
CHILDREN'S HOME**

Sponsor a Child

Hogar de Niños Emmanuel (Emmanuel Children's Home) serves the daily needs of approximately 150 children. As a child sponsor you allow us to provide the necessities such as food, lodging, hygiene products, clothing, medical and dental care, etc. that each child needs. Besides the basic shelter and nutrition needs, you will be providing support that enables your child to see that their "benefactor" believes in them and is praying for them. You are encouraged to send pictures, simple letters, birthday, and Christmas presents as you feel led. Clothing is always needed, but like children everywhere, your child will enjoy getting toys as well. Your child's face will light up when they receive something in the mail and open the gift of love that you have sent.

Relevance: The children who live at the home come from crisis situations. Some are brought to us by the Mexican Child Protective Services and others are brought by someone they know. Many of the children have either one parent, or relative caring for them who do not have the means to adequately care for the child. Often the children are left by themselves during the day and sometimes into the night while their parents work. The oldest children, no matter their age are expected to care for the younger siblings. We are honored that the guardian (CPS, parent, relative) trusts us with their children and gives us the opportunity to provide these precious children with adequate food, shelter, education, and a worry free environment. Our desire is to link each child with an individual or family who cares for, loves and encourages them while at the same time providing for their needs.

When the children come they become part of the family and we hurt deeply if they leave. However, our goal is to provide temporary relief for children who have capable relatives so that they may be reunited as a healthy family. When this happens we send the children with our prayers and our blessings, believing that their time with us made a difference in their lives. We especially hope that they learned of God's amazing love for them. In the case that your sponsored child leaves we ask you to open your heart to supporting another child who will be blessed to be in a relationship with you.

Objective: Our goal is to have each child sponsored by four individuals or families at \$30 per month covering the basic expenses for each child which is \$120 per month. Having different sponsors per child meets the financial need of the child and also ensures that each child has individuals who are actively involved in the child's life. Although we do not send contribution reminders, we rely on the funds from child sponsorship to pay for daily operational needs that directly affect the child, counting on you to send your contribution regularly. Please be in communication with us if you would like to sponsor more than \$30 per month or if you would like to send your contribution quarterly or annually so that we can plan accordingly.

Results: You will positively impact one child who will learn what it is to be loved by you and by our amazing God. We believe your child will bless individuals near them, share God's love with those around them, and change the world.
